**MEMORANDUM OF UNDERSTANDING**

**ONIOSOME HEALTHCARE PVT. LTD.**

F-103, INDUSTRIAL AREA, PHASE VII, MOHALI, PUNJAB-160055

AND

**GRY INSTITUTE OF PHARMACY BORAWAN**

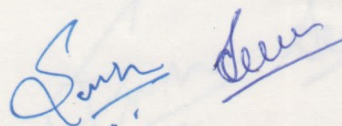

Khargone - 451 228 (MP)

**Oniosome Healthcare Pvt. Ltd., (Oniosome)** is a company working in the area of Pharmaceutical product development using novel or innovative formulation approaches, analytical development /validation, facilitating the development, technology transfer and commercialization of such novel products.

And

**GRY institute of pharmacy, Borawan** came into existence as Pioneer Institute of Pharmacy in the year 2001 by Jawaharlal Nehru Charitable Education Trust (JNCET) under the dynamic leadership of Late Shri Subhash Yadav. Since inception there had been a planned development at all fronts viz. infrastructure, sports facilities, experienced faculties, well equipped and sophisticated laboratories for practical and research activities.

- I. As **Oniosome** and **GRY Institute of pharmacy, Borawan** have common interest of promoting research & development as well as conversion of laboratory research into improved healthcare products, both has agreed to enter into an AGREEMENT to promote Pharmaceutical development of conventional and novel drug delivery system (NDDS) based innovative products and Analytical testing and development, Preclinical Study and other Activities. **Oniosome** is ready to collaborate in other areas such as jointly organizing Seminars, symposiums, conferences, Assistance in placement for students of the Institute. Both the organizations have agreed to work together on following terms and conditions: There are no pre-determined limits to the activities, which might be involved in such collaboration, but they will be directed toward the following specific objectives.

1. Both the organization strive hard to raise the research and teaching standards by developing collaborative R & D projects in the area of pharmaceutical science in order to fully utilize and nurture the expertise and facilities available at both the Organizations including the man power.
2. To facilitate greater involvement of research scholars as well as academic members of staff at both the Organizations in research areas such as the development of successful Pharmaceutical products and collaborations with national organizations of high standards.
3. To exploit the synergy arising from the joint initiatives to improve the effectiveness and efficiency of teaching and research in both Organizations as well as to undertake research projects from different agencies.
4. To attract funding and other supports from funding agencies through higher critical mass of research and teaching activities created by the collaborations.
5. Priority will be given to secure businesses from various industries in joint efforts.
6. Senior and junior academic staff in full time, permanent employment will undertake exchange visits to fulfill the aims and objectives of the **MOU**.
7. Priority will be given to filling joint patents and publications of high international standards.
8. Any patenting out of the joint collaborative research efforts will be equally shared between both the Organizations.
9. Periodic board meetings between the two Organizations to discuss the plans of the testing and research etc. will be conducted at the end of every three months.
10. This **MOU** shall be in operation for a maximum period of 5 years from the date of signing. However, this depends upon the decision to be taken at the end of the every year after a thorough discussion with all the board members and scientists involved depending upon its progress and financial gain to recommend for further continuation of **MOU** for the next subsequent year until the end of the **MOU** period of five years.
11. **Oniosome** and **GRY Institute of Pharmacy, Borawan** will work together synergistically and interdependently with a common goal to develop the predetermined, Pharmaceutical and Biotechnological product(s) within a pre-determined slot of time. However, presently, **Oniosome** will only be involved in the research, development and analysis of the product development cycle.

12. In order to develop these and other similar research based products, sophisticated instrumentation and high tech infrastructure is needed. Thus, **Oniosome** and **GRY Institute of Pharmacy, Borawan** would collaborate with the intention to strengthen each other's R & D capabilities and to deliver effective, safe and quality Pharmaceutical products for their own growth and for the benefit of the society.
  13. For smooth running of this collaborative effort, a common organized committee (COC) would be formed that would include two representatives each from **Oniosome** and **GRY Institute of Pharmacy, Borawan**. The committee would be responsible for making key decisions regarding administration and management of the development process. The tasks of this committee would involve defining the roles of both the organizations.
  14. **Oniosome** would be responsible for analytical method development, formulation development, toxicological studies, partial documentation support (preparation of specifications, certificate of analysis, product development report), partial support for regulatory approval.
  15. **GRY Institute of Pharmacy, Borawan** will provide any technical support as well as analytical method development, formulation development, toxicological studies, partial documentation support that may be required by **Oniosome** during the development of the product. This may include the use of formulation, research, analytical and plant facilities. Both the organizations would be free to take the services of any third party if needed and in situations when a particular facility is not available at their sites.
  16. Each new product that is taken up for development shall be considered as one project. Various such projects could be taken up by mutual understanding at one point of time.
  17. **Oniosome** shall hold the exclusive marketing rights of the developed products. **Oniosome** shall also be the applicant for any patent that emerges out of the research and shall bear all the filing expenses. However name of the scientists from **GRY Institute of Pharmacy, Borawan** involved in the project shall be included in the patent and a pre decided royalty shall be paid to the **Oniosome** for the same.
- II. **Exclusivity and linkages with other Industries and Institutes:** This agreement is being entered into on a non-exclusive basis and both the parties are free to enter into similar or other agreements with other industries or academic institutes. Additionally, if nature of a project/ development work so demands, then **Oniosome** and **GRY Institute of Pharmacy, Borawan** can also jointly enter into an agreement with a third party. The third party may be

- an institute or industry.
- III. **Duration of Agreement:** That this agreement is being entered into for a period of five years from date of signing of the agreement.
- IV. **Modification of the agreement:** In the interests of improvement or better facilitation of organizational linkages, if the parties so desire the agreement may be modified as per mutual consent and such modification may involve addition, deletion or alteration of any clause. Such modification may be duly mentioned on the body of the main agreement and details attached with the agreement as 'addendum'.
- V. **Dispute Resolution:** That any difference or dispute arising between the parties under this agreement shall be settled amicably in the larger interest of cooperation & goodwill and the interest of the researchers & profession involved. Unresolved dispute, if any shall be referred to the sole arbitration of a person nominated by both the parties. The award of the arbitrator shall be final and binding. The arbitration shall be conducted as per provision of arbitration and conciliation Act, 1996. The seat of arbitration shall be Chandigarh. Courts at Chandigarh shall have exclusive jurisdiction in all matters arising under this agreement.

IN WITNESS WHERE OF this agreement is signed on this day of 16/09/2019 in Landra, Mohali.
