## **7.2.1 Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.**

<b>S.N</b>	<b>Particulars</b>	<b>Page No</b>
1.	Best Practice-1	01-03
2.	Best Practice-1 : Related documents and pictures	04-40
3.	Best Practice-2	41-42
4.	Best Practice-2 : Related documents and pictures	43-74

### Best Practice-1

Title of the practice: Acquiring new techniques and educational methods for smooth conduct of curriculum.

Objective of the practice:

- To provide dedicated training and personal counseling for Slow and Advanced learners.
- To simplify and streamline education processes and systems to provide better services to faculties and students
- To improve performance of students for campus placement interviews.
- Giving proper study material and exposure to strengthen theoretical and practical concepts.
- Giving task to advance learners to improve the skills and leadership quality.

Context: Recent years has introduced significant changes in teaching and learning methods. The most observable phenomenon is now the penetration of digital technologies into learning. Smart class rooms, google forms, teaching aids have made it much easier for identifying slow and fast learners. There is a vital need to identify the strength and weakness of students and to counsel them as per the need, as in recent years many pharmacist are graduating and special training is needed to make student ready to face the interview challenges and job ready candidate. A healthy competition among students for various events like poster, oral presentation, debate, quiz is adopted to improve the quality of students and increase the level of confidence in critical thinking and creative skills. Apart from regular teaching and learning methods a separate space should be created for the students to showcase their talents.

Practice: Following practices were adopted for overall development of the students:

- a) Specially designed modules and Mentor mentee system: The institute has designed and conducted special modules for slow and advanced learners. The slow learner workshop included interactive sessions, assignments, quiz, motivation and confidence building and one on one interaction activities. In addition to workshops, institute has assigned mentors for the students. The faculty mentors continuously assess, monitor, counsel and give possible guidance to the students. These workshops have provided students an opportunity to interact and share their personal inhibitions or weaknesses with the skilled trainers. The advanced learner are given task to improve their skills through presentation, article publication, classes at junior level, panel of discussion on various issues and other such activities.

  
Principal,  
GRY Institute of Pharmacy  
BORAWAN (Gurgaon) 151228

- b) Education Resource Planning (ERP) system: The institute has developed its own ERP system for smooth working of the academics Through this ERP system various lecture notes, recorded sessions for lectures, videos, E-books are made available for students to their individual account other than this attendance, examination, circulars were managed in same.
- c) Orientation programs: Institute conducts various orientation and training programs as per the need, in regular intervals -these programs helping them to shape a bright future and make them understand how they can reach their goals. Students of final year are given the training on different modules as per industrial needs to make them job ready.
- d) Innovative based competitions: Students of first year B. Pharm were encouraged to do HAP project and students of second year B. Pharm were encouraged to prepare and present poster under the guidance of subject teacher. These models and posters were presented and evaluated by the faculty members. Best models and posters were awarded. Third year and final year students are given task to improve their communication skills, complete the assigned project and presentation on various topics.
- e) Wall-space: The institute has started this unique concept, Wall-Space. The dedicated wall within the institute is made available for students, where the students can display their creativity in the form of poems, art work, essays, painting and cartoons. Career window displays latest career opportunities for both UG and PG students of the institute. This wall also had a separate space for scientific research articles.

**Evidence of Success:**

1. As the slow learner made aware about self-limitations and how to overcome them and the advanced learner were made aware about different qualities that need to be developed in order to shape their future, improvement in the academic, extracurricular and co-curricular performance of these students was observed.
2. The ERP system was developed as per the student need and positively impacted on overall understanding of curriculum and also helps in smooth conduct of academics.
3. The orientation programs were helpful for development of leadership skills, improvement in soft skill and overall personality development, which helped them for placement.
4. The practice has helped the students to better understand the theoretical and practical concepts. Additionally, the organization skills amongst the students were groomed and also their presentation and communication skills were enhanced.
5. The wallspace concept helped to motivate the students for creative thinking. Also, it resulted into improvement of extracurricular and co-curricular aptitude of the students. This platform

*Devi*  
Principal,  
GRY Institute of Pharmacy  
BORAWAN (Kharagone) 451228

also provides an environment where students are more likely to express their ideas and improves the thinking abilities.

Problems encountered and resources required:

1. In Some students Lack of teamwork, empathy, and support was noted.
2. As many students comes from rural background more time is required to coup with the current need.

### Criteria for student's level Identifications

For Slow Learners: Score  $\leq$  12 marks

For Advanced Learners: Score  $>$ 18 marks

Total Marks: 15 (Sessional Theory) + 10 (Quiz) = 25

#### Activity for Slow learner:

1. Additional classes
2. Additional Assignments
3. Group study
4. Extra practical classes
5. Quiz

#### Activity for advance learner:

1. Presentation
2. Survey
3. Publications
4. Teaching to slow learner
5. In charge of academic activities

## TEACHER AS STUDENT GUARDIAN

*Guardian Teacher Scheme has been implemented in this institute with following*

### **Aims:**

1. To establish good sense of rapport with students so that there developed healthy teacher-student relationship.
2. The teacher should act as a mentor, guide and philosopher
3. The teachers should interact constantly and keep themselves in contact with the students always so that problem of students regarding educational, socio-economical, health related and family related could be sort out and most possible help can be rendered to the students.

### **Objectives**

To discuss on academic, social, health awareness, importance of physical fitness, importance of yoga, students problems regarding study, study material availability, library facilities, institute facility, campus discipline, syllabus, status, result analysis, departmental facilities etc.

### **Functioning.**

- In this scheme there is one to one interaction with students.
- For a batch of students, a teacher is assigned the role of Teacher-Guardian.
- Teacher Guardian works as a friend, philosopher and guide for these students.
- Teacher guardian will maintain the contact details of Student and His Guardian, relatives and friends.
- Teacher Guardian keeps the track of all student's day-to-day activities and records daily attendance, test results, internal assessment, and other related information of students.
- Ask student to daily sign in the register maintain in the Teacher Guardian cabin.
- He encourages the students to participate in co-curricular & extracurricular activities.
- He gives academic feedback to the parents/guardians regularly.
- He also counsels the students to solve difficulties encountered not only in institute campus but in their personal lives too.
- Teacher guardian acts as a mentor to students and offers them emotional and academic support along with motivation.
- The teachers of the institution take up the responsibility of safeguarding and nurturing the newly admitted students.

  
**Principal,**  
GRY. Institute of Pharmacy  
BORAWAN (Khargone) 451228

## GRY Institute of Pharmacy, Borawan

- The teachers act as a buffer for the first year students and help them to get acclimatized to environment.
- This scheme, which is perhaps the only one of its kind, guarantees additional assurance to the new comers and takes some burden off the parents and lessens their anxiety.
- The students are free to contact the counselling service with a wide range of worries, including personal, home and family relationships, depression, anxiety and loneliness.
- To advice students on course outcomes, learning outcomes, course description, assignments, examination pattern, how to improve in theory/practical's,
- Teacher Guardian if required should help students with Industrial training and placement opportunity.

Title of Activity	Seminar on “Funding sources for entrepreneurship”
Resource Person	Dr. Darshan Kataria, Vindas chemical industries Pvt. Ltd.
Date	06/01/2021
Duration	90 minutes
Place	G.R.Y Institute of Pharmacy Borawan, Dist Khargone (M.P)
Students Participated	(75 students)
Description	Dr. Darshan kataria is currently working in Vindas chemical industries Pvt. Ltd. Pithampur. He conducts Seminar in GRY Institute of pharmacy, Borawan on 06/01/2021 on the topic “Funding sources for entrepreneurship”. He Discussed about various things about entrepreneurs and their correlative output in the regional space with its reportive funding sources because there is no illusive security to form a specified atmosphere of entrepreneurship without proper funding sources. Most of the business acquire indulgence over surity to make a choice and let you go on that perticular vibrance of thinking. He also talked about peoples connectivity through a specified region, where entrepreneurship needs maturation level in those who are needfull for that entrepreneurship. Most students indulged in this seminar and enhance their vision on entrepreneurship.

ADVANCED POST GRADUATE PROGRAM IN  
CLINICAL RESEARCH AND MANAGEMENT

Name: RAFIYA AKHTAR

Address: Clini Research Services  
6th Floor, Pentagon 2,  
Magarpatta City, Hadapsar,  
Pune -411013

Registration No.: CI-EL-1691

This is to certify that the candidate has successfully completed **Advanced Post Graduate Program** in Clinical Research & Management. The Candidate has Satisfactory Knowledge & Proficiency in CLINICAL RESEARCH, CLINICAL DATA MANAGEMENT, PHARMACOVIGILANCE & MEDICAL WRITING.

Candidate Name: *Rafiya Akhtar*

Registration Number: CI-EL-1691

Program: Advanced Program in Clinical Research and Management

Campus: CLINI INDIA -Pune  
eLMS- E Learning Management System

Date of completion : 3 Aug 2021

Clinical Research : A+  
Clinical Data Management : A+  
Pharmacovigilance : A+  
medical writing : A+

### Best Practice-2

Purpose: Pharmacist always trusted for human life

Objective:

- 1) To give quality and better life to the society
- 2) To help students to get better social value and responsibilities.
- 3) To promote holistic development of society.
- 4) To strengthen team work among student and encourage participation.

The practice:

- 1) The students visit nearby villages borawan, utawad, bhangaon, Durgapur, piplai, dharamपुर, devla and give social services to community by supplying medicines such as ORS, calcium tablets, cough syrup was given to nearly 500 families also sanitary napkin were distributed to more than 200 girls and women's and giving them knowledge and importance of menses hygiene. The students made an awareness camp to above mentioned villages to make the villages free from open defecation, the cleaning of the streets of villages with the help of Local village authorities.
- 2) As many students are from village background where still women are not considered at par with men and to uplift the women of the society, seminars are given to students on gender equality and sensitization, street play is done by students to spread the message of gender equality and rights of women in the society.
- 3) The consumption of tobacco is much in the Nimar region among teens, adult and old age, students counseling and sessions on awareness against use of tobacco is conducted and students are asked to share the information about the consequences of tobacco consumption to family members and neighbors.

Health checkup camp is organized every year at nearby villages of kasrawad tehsil like Borawan, Multhan, Lohari, Balkwada, Bamandithe institute supplies free of cost medicines as per doctor's Prescription, also free check up like blood group detection, Hemoglobin estimation for women and old aged, Blood pressure monitoring is done for the patients and students on the camp day. A panel of doctors which include general physician, gynecologist, pediatrician and dietician will be the part of the camp from 10 AM to 3PM. Institute organized blood donation camp in association with blood bank of the district and more than 100 units of blood donation is done for the noble cause.

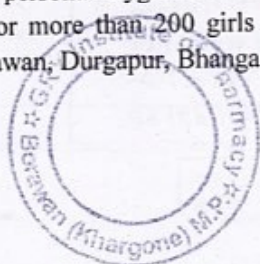

Activity for awareness against AIDS, Dengue malaria and mal nutrition in the children are done by the students if the institute for the development of the society.

- 4) The Students work in team to organize rally to encourage people of the society for Swatch Bharat, use of toilets at home and in public places, The team of students prepares video and upload the same on social media on different issue like COVID, Women empowerment

Evidence of success:

The Institute has observed successful outcomes in social activities in the past years

- 1) The personal Hygiene during menses was improved remarkably sanitary napkin was distributed to for more than 200 girls and women's, the open defecation has stopped with in the area of borawan, Durgapur, Bhangaon, Piplai, Devla.

  
Principal,  
GRY. Institute of Pharmacy  
BORAWAN (Kharagone) 451228

- 2) More than 100 students have quit the consumption of tobacco
- 3) Blood donation camp organized every year and more than 100 units of blood is donated for noble cause, every year nearly 100 students were benefited from blood group and hemoglobin detection and more than 150 patients were benefited for ailments like blood sugar gynecology and pediatric issues
- 4) The student success as a team was noted and acknowledge by the institute and managements.

Problem encountered

- 1) Availability of the limited fund /funding source for organizing such activities.
- 2) Poor literacy makes it difficult to share information and understand motto to the individuals.
- 3) Less interest for active participation from the tribal's..
- 4) Rigidity of the tribal's towards adopting the new things.

## HEALTH CHECK UP CAMP 2016 REPORT

On the auspicious occasion of world health pharmacist day a free health check up camp was organized by GRY institute of Pharmacy under the active supervision of Principal Dr. Sujit Pillai and In charge Dr. J. R. Makwana at the Borawan village on 27<sup>th</sup> Sep, 2016. In this health check up camp different parameters such as blood pressure, blood group, hemoglobin estimation, height, weight, general check up were examined by the budding pharmacists of the institute. In this occasion free drugs were distributed by the Pharmacist on the prescription of physician Dr. J.R. Makwana to the patients. Almost 150 patients from different villages took advantage of the health check camp and examine their health.
