IQAC presents the meeting agenda:

1. The chairperson directed the ICT in charge to upgrade facilities by procuring Wi-Fi dongles and a new projector, and also discussed installing air conditioning in classrooms to improve student comfort and learning conditions.
2. The T&P officer presented the placement plan and discussed the list of students who had been successfully placed, highlighting progress and identifying areas for further improvement in the placement process.
3. The meeting addressed the CO/PO attainment report and discussed tailored activities for both slow learners and advanced learners, aiming to enhance overall academic performance and ensure effective support for students at varying levels of proficiency.
4. The IQAC coordinator encouraged members to actively engage in paper publication and project writing, emphasizing the importance of contributing to academic research and enhancing institutional reputation through scholarly work and innovative projects.
5. The commencement of the new semester was discussed, including plans for upcoming activities and academic schedules. The meeting covered the organization of classes, key events, and initiatives designed to support student engagement and success throughout the term.
6. A discussion was held on the purchase of new tablet punching equipment, focusing on its potential benefits for enhancing laboratory capabilities, improving efficiency in research processes, and supporting advanced educational tools in the institution.

IQAC presents the meeting agenda:

1. A discussion was held on the student feedback and the corresponding action taken report, focusing on addressing concerns raised by students and evaluating the effectiveness of implemented measures to improve academic and campus experiences.
2. The plan for add-on and certificate programs was discussed, focusing on developing new courses to enhance student skills and employability. The conversation included strategies for course design, potential industry partnerships, and methods for integrating these programs into the existing curriculum.
3. The discussion centred on preparing data for the new ERP system, including organizing and migrating existing records, ensuring data accuracy, and configuring the system to meet institutional needs. This preparation aims to streamline administrative processes and enhance overall efficiency.
4. The IQAC coordinator discussed the plan for the AQAR submission for 2023-24, addressing members about the upcoming report. He outlined the preparation steps, deadlines, and key data required, emphasizing the importance of accurate and timely submission to meet accreditation standards.
